Hyderabad, India | +91 6302421538 | shashankkudha51@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Java Backend Developer with hands-on experience in building RESTful APIs and CRUD applications using Spring Boot, Spring Data JPA, Hibernate, and PostgreSQL. Proficient in layered architecture, JPA/Hibernate mappings, and API testing with Postman. Eager to contribute to scalable backend systems

TECHNICAL SKILLS

Languages: Java

Backend: Spring Boot, Spring Data JPA, Hibernate, RESTful APIs

Databases: PostgreSQL, MySQL

Tools: Git, GitHub, Postman, Maven

Core Concepts: OOP, Collections, Exception Handling, SQL, DBMS, DSA

PROJECTS

Employee Payroll Management System – Backend

Apr 2026 – Jun 2026

Java, Spring Boot, Spring Data JPA, Hibernate, PostgreSQL, REST APIs

- Implemented employee management features including add, view, update, delete, and search, along with department creation and employee-to-department assignment.
- Built payroll module to generate monthly payroll by calculating basic salary, allowances, deductions, and final net salary for each employee.
- Designed payslip generation and viewing functionality with payroll history to store, view, and search past monthly records.
- Applied layered architecture using Spring Boot, Hibernate, and PostgreSQL, and validated 15+ REST APIs across all modules using Postman.

Internal Helpdesk Ticket Management System – Backend

Jan 2026 – Mar 2026

Java, Spring Boot, Spring Data JPA, Hibernate, PostgreSQL, REST APIs

- Developed user management covering creation, updates, deletion, and profile viewing, with department setup and user-to-department assignment.
- Created ticket management system to create, view, update, and delete tickets, including assigning and reassigning tickets to support engineers.
- Managed ticket status tracking across open, in-progress, resolved, and closed stages, with comment functionality for adding and viewing updates.
- Built dashboard to display total, open, closed, and pending tickets, and verified all module endpoints through 10+ REST API tests in Postman.

EXPERIENCE

LLM Post-Training Intern – Ethara AI

Feb 2026 – Apr 2026

- Reviewed LLM-generated responses for correctness, coherence, relevance, and instruction-following to support model improvement efforts.
- Identified incomplete, inconsistent, and low-quality responses from daily outputs and reported them to enhance overall dataset quality.
- Applied structured annotation guidelines while reviewing repeated response sets, maintaining consistent accuracy and meeting daily deadlines.
- Collaborated with team members and quality leads to resolve feedback issues, improving evaluation consistency across the annotation process.

EDUCATION

B.Tech – Computer Science and Engineering (AI & ML)

May 2026

Institute of Aeronautical Engineering, Hyderabad

GPA: 7.05/10

Diploma

May 2023

T.R.R. College of Technology, Hyderabad

GPA: 6.8/10

CERTIFICATIONS

Salesforce Certification

Apr 2025
